

Grow Your Own Beanstalk

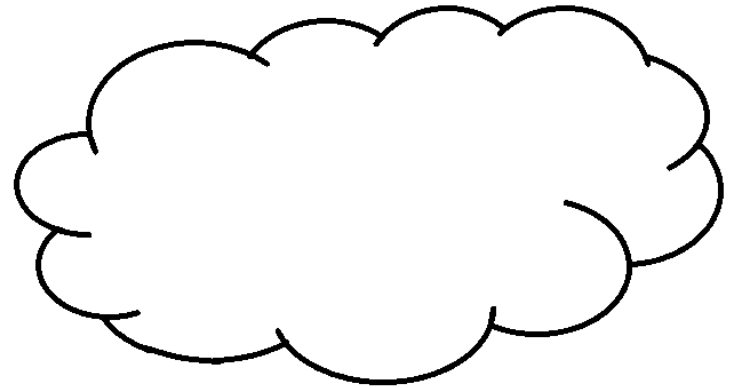

You will need:

- Glue
- Scissors
- Crayons
- Sprouting bean seed
- Cup
- Pencil or skewer
- Clouds & Castle cutouts (below)
- Cotton ball

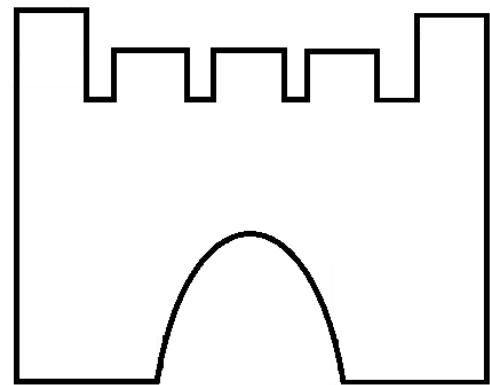

Prepare Your Castle:

1. Color the castle and cloud and then cut them out.
2. Glue the castle to the cloud.
3. Cover cloud with cotton ball using glue.
4. Attach to top of pencil.

Plant Your Beanstalk:

1. Gather dirt from your yard or garden and fill cup halfway.
2. Remove bean from bag and bury it in the soil.
3. Water your beanstalk as needed, provide sunlight and watch it grow!
