

# BANYAN TREE PAPER CRAFT

## You will need:

- Scissors
- Glue
- A piece of paper (the size of the tree or larger)
- Something to color with
- Something to use as leaves (be resourceful and find something....tissue paper, scraps of junk mail, yarn, etc.)

## Instructions:

1. Color the tree brown and cut it out. Cut out the ghost as well.
2. Glue the tree trunk to the piece of paper and glue the ghost beneath the branches
3. Cut or rip up your leaf material and glue it onto the tree limbs and branches
