

Make Your Own COAT OF ARMS

You will need:

- A piece of cardboard or a cereal box
- Scissors
- Aluminum foil
- Markers
- Paper to design

Ms. Anna's example

Instructions:

1. First, design your coat of arms, using animals, flowers or geometric shapes. Think about what defines you as you draw out your design on the template. Shields come in different shapes and four of them are on the next pages. Use the page for your design, then cut it out and trace it onto your cereal box or cardboard to get your shape
2. Cut your piece of cardboard or cereal box into the shape of your shield (you may need an adult's help; cardboard can be tough to cut!)
3. Wrap your cardboard or cereal box shield with aluminum foil.
4. Use markers to color your design onto your "shield".
