

Dragon Fire Breather

You will need:

- An empty toilet paper roll
- Crayons/markers or colored paper
- Party streamers or tissue paper (in fiery colors, if you have them)
- Scissors
- Glue or tape

Instructions:

1. Color the rectangle below and cut it out. Tape it or glue it to your empty toilet paper roll.
2. Cut out the eyes and the gray nostrils. Fold them all in half and tape or glue them on top of the dragon's head so that they stand up (like the picture shows). You may need to overlap them so they fit nicely on your dragon.
3. Cut strips of your party streamers or tissue paper and tape or glue the strips of paper inside the nose and mouth end of your dragon's head.
4. Once it's dry, put your dragon up to your mouth (the end by his eyes) and blow out "fire" from his mouth!
