

DIY Treasure Hunt Game

You will need:

- An empty bottle (like a water, soda or juice bottle)
- Dry, uncooked rice
- “treasures”
 - Small toys
 - Broken crayons of different colors
 - Coins
 - Marbles
 - Plastic letters or numbers
 - Buttons
 - Anything else small that you can find!
- Paper to make a list of your treasures

Instructions:

1. Be sure to thoroughly clean and dry your bottle before you begin.
2. Once it's completely dry, fill your bottle about half way up with uncooked rice.
3. Place your “treasures” in the bottle and shake them all into the rice. Be sure to write down what you've hidden in the bottle so you'll know what to look for!
4. Finish filling the bottle almost full of rice and shake it some more.
5. Now challenge yourself or your family members to find the red crayon, the brown cow, the yellow button, and so on.
