

Feather Bookmark

Make a feather bookmark so that each time you read you can look at the bookmark and remember the lesson you learned in the story *A Sackful of Feathers* on Tumblebooks!

You will need:

- Crayons, markers, or colored pencils
- Feather template
- A pencil
- A straw
- Tape or glue
- Yarn

Instructions:

1. Color the front and back of the two feathers on the coloring page, and cut them out.
2. Cut the small, slanted lines on the feather that was on the right side of the paper, and bend the little paper flaps you just cut slightly upward.
3. Glue right down the long middle of the cut feather to the top of the solid feather. Now your bottom feather's colors will show through to the top in places.

You can get points for this activity on READSQUARED!
