

# Rapunzel's Tower

## You'll need:

- A piece of construction paper
- Crayons or markers
- Glue or tape
- Scissors
- Yarn

## Instructions:

1. Color all the shapes (except the circle) for Rapunzel's tower.
2. Color the circle to be Rapunzel's face. Be sure to draw her eyes, nose and mouth.
3. Cut out the shapes and lay out a piece of paper to glue the pieces to.
4. Glue the triangle on top of the largest rectangle to be Rapunzel's tower. Glue the small rectangle at the bottom middle of the tower to be the door, and glue the square near the top to be the window.
5. The circle (Rapunzel's face) should be glued at the bottom of the square as if she's looking out her window.
6. Finally, glue some yarn on to be Rapunzel's hair. You may want to tie a knot near one end of the yarn strands to allow you to form bangs over her forehead, and to help hold her hair together. You can even braid it if you want!
