

Summer Watermelon Wreath

You will need:

- Crayons, markers, or colored pencils
- A paper plate or round piece of paper the size of a paper plate
- Watermelon & banner template
- Scissors
- Tape or glue

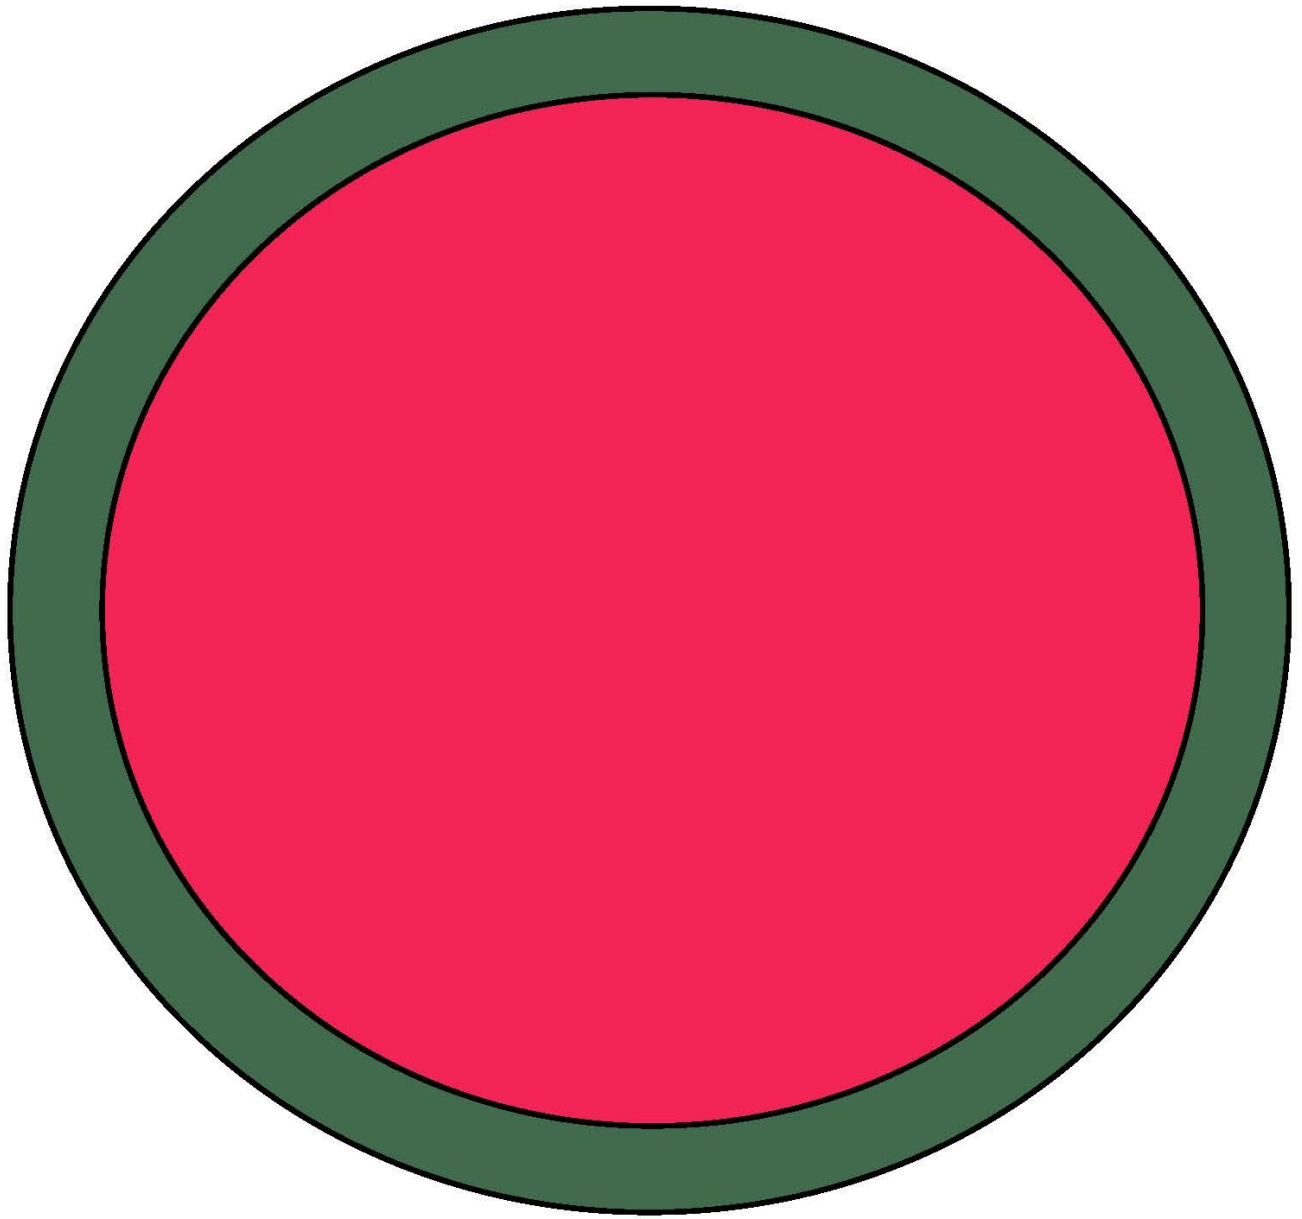

Instructions:

1. Cut the middle of a paper plate out so you only have a narrow ring, or use a round ring of paper, if you have no paper plates.
2. Cut out the watermelon circle and the yellow “Happy Summer” banner.
3. Cut the circle in 1/2, then 1/4, and then 1/8 pieces.
4. Draw seeds on each slice, and glue them and the yellow banner on the ring. Hang your wreath to enjoy!
