

Photos of Wheeler National Wildlife Refuge

The photo posters you see throughout the library show landscapes and wildlife of the Wheeler National Wildlife Refuge and have been donated to Decatur Public Library. They were photographed by Refuge Volunteer George Lee and funded by the Wheeler Wildlife Refuge Association (www.friendsofwheeler.org). Below is the list of photos and their location in the library. The numbered photos begin near the 6th Avenue entrance of the library and move towards the Cherry Street entrance.

Butterfly

taken at White Springs Dike
#1 behind Plug-in Bar

Pelicans in Flight

taken at the Visitor's Center
balcony over Young Adult section
