About Corazón & Cultura:

Downtown Decatur's Corazón & Cultura is a new nonprofit organization dedicated to celebrating culture and bringing our community together through meaningful cultural events, educational opportunities, and partnerships.

As a first-of-its-kind organization in Decatur, we strive to create welcoming spaces where people of all backgrounds can experience Latino culture, build connections, and celebrate the diversity that makes our community special.

We also invest in the future by providing scholarship opportunities for underserved, first-generation students pursuing higher education.
